

ABOUT US

At Children's Factory, we are passionate about creating safe, engaging, and imaginative spaces for young learners. For over 40 years, we've been dedicated to designing high-quality products that promote cognitive, emotional, and physical development in early childhood environments. Our focus is on fostering creativity and exploration through thoughtfully crafted items like soft play, seating, and sensory products.

Our well-established brands cater to a broad range of early childhood needs, ensuring we are a one-stop supplier for educators and institutions. Our manufacturing capabilities and central location help provide high product availability and short lead times. We strive to deliver reliable solutions that meet market expectations and customer needs.

CERTIFICATIONS

At Children's Factory LLC, we are committed to designing and manufacturing innovative, safe, and durable products for children. Our products are GREENGUARD™ Gold Certified for indoor air quality. Achieving this certification without adjustments to our materials or processes means that every time you choose Children's Factory, you contribute to healthier indoor air quality.

Children's Factory products comply with the Consumer Product Safety Improvement Act (CPSIA), meeting strict standards for children's products. These standards address issues such as choking hazards, phthalates, and lead content. Every CPSIA-certified product is tested by a CPSC-accredited lab, ensuring safety and compliance.

Our foam items are CertiPUR-US® certified. This certification guarantees that our foam is made without harmful chemicals such as ozone depleters, mercury, lead, formaldehyde, or phthalates. By choosing our products, you can rest assured that you are providing a safe and healthy environment for children.

*This chart is based on recommendations from several sources and should only be used as a guide.

Choosing the Right Chair

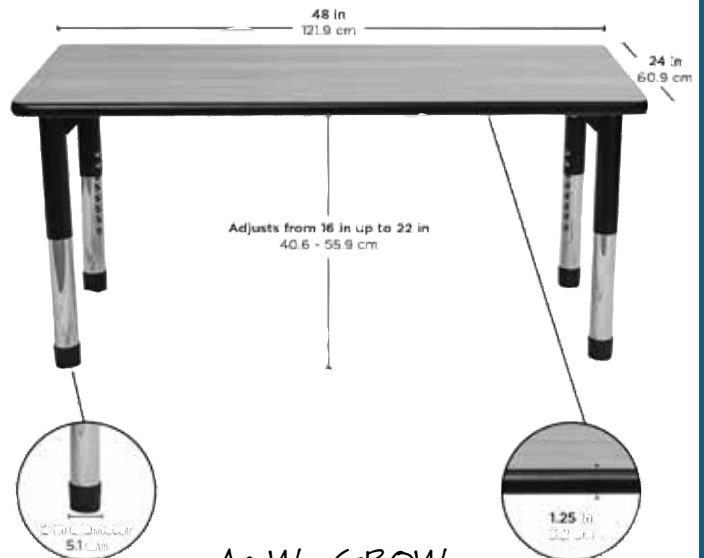

The child should be able to sit comfortably with their feet flat on the floor, and knees bent at a 90°.

If the child's feet do not touch the floor the chair is too tall.

The Ultimate Happy Hangout

Introducing **Happy Hangout Flexible Seating**, designed to adapt. Whether you're looking to create a cozy corner, a spacious lounge, or a playful hangout spot, our collection lets you mix, match, and create the perfect setup for any space. Choose to customize your own with **individual** pieces that suit your style or from our **pre-designed sets**.

Contour Chair: Sleek, ergonomic, and perfect for lounging.

Contour Sofa: Spacious, comfortable, and ideal for gatherings.

Corner Ottoman: A versatile addition for extra seating or footrest.

FlexCube: The ultimate multitasker—use it as a table, seat, or ottoman.

YELLOW CF805-352

DIMENSIONS: 44" X 9.5" X 17.5"

NEW

'Happy Rocker gives that part of my brain, the overactive part, something to really focus on instead of trying to focus on every little sound, thought or even smell. It allows me to then focus on what I need to focus on.' - Hazel (High School Freshman)

Fidget to Focus

A note from Ross North President of Children's Factory, LLC:

Active Seating: A Game-Changer for Focused Learning

Happy Rocker, the latest innovation in active seating designed for children. Under the inspiring tagline 'Fidget to Focus,' Happy Rocker introduces versatility and movement into learning environments, supporting a range of developmental benefits from physical health to cognitive growth. Developed with the understanding that movement is essential for concentration, especially for children with ADHD, ADD, and ASD, Happy Rocker is a seat that's as adaptable as the children who use it.

AFB4100

VEGAN LEATHER

Our vegan leather is more environmentally friendly than our 14oz vinyl. It's durable, easy to clean, water and scratch resistant. **It meets the rigorous TB 117-2013 fire safety standards.**

PARACHUTE (PILLOWS)

Our nylon parachute material is stain, water resistant and hypoallergenic. Nylon is a strong and resilient fabric, making it highly resistant to wear and tear. **It meets the rigorous TB 117-2013 fire safety standards.**

POLYESTER SUEDE (WHATSIT)

Our fabric is made from 100% polyester with a synthetic latex backing and features an i-clean finish, utilizing Nano technology for superior stain repellency. **It meets the rigorous TB 117-2013 fire safety standards.** This fabric is perfect for high-traffic areas.

COTS

SOF-TEX® Technology is woven polyester coated with PVC. It is exceptionally strong and resistant to wear and tear. SOF-TEX is UV, moisture, mildew resistant and breathable, allowing air to pass through it, preventing the build-up of heat.

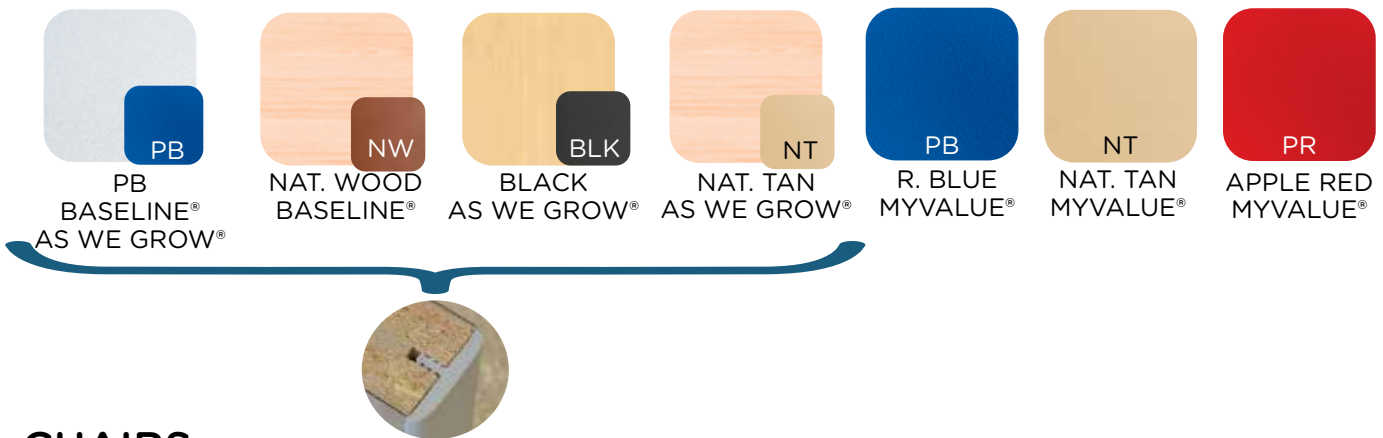

QUIET DIVIDERS

Wall covering fabrics are made from solution dyed polyolefin, polyester and nylon staple fibers needle bonded into a continuous structure, finished with a heatset, latex backing to help resist stains, moisture, mildew, and bacteria. **It meets the rigorous TB 117-2013 fire safety standards.**

TABLES

Our high-pressure laminate (HPL) tabletops are dry-erase compatible, water- and stain-resistant, and feature a waterproof 1 1/8" vinyl molded T-mold edge for added durability. Constructed with industrial-grade particle board, these tabletops are designed to withstand daily use while maintaining a sleek, functional appearance.

CHAIRS

The plastic part of our chairs are made out of polypropylene. Polypropylene is lightweight, non-toxic, stain and water resistant, easy to clean and lightweight.

MOLDED PLASTIC

Our Molded seating is made of polypropylene. Polypropylene is lightweight, non-toxic, stain and water resistant, easy to clean and lightweight.

WOOD

VALUELINE®
MELAMINE

Crafted from durable 5/8" thick maple-faced melamine panels, our furniture features rounded corners and recessed 1/4" thick woodgrain back panels for added strength and safety. The UV finish ensures a scratch- and stain-resistant surface, maintaining a polished look over time. Greenguard Gold certified, this product supports healthier indoor environments.

ANGELES®
BIRCH

Constructed from our unique cream-colored, premium birch-ply, Angeles® Birch is made of 5/8" layered birch plywood that is warp-resistant, lightweight, and has a low environmental impact. Designed with rounded corners for safety, it is Greenguard Gold certified.

NATURALWOOD®
COLLECTION

The NaturalWood® Collection is crafted from hardwood, featuring Hevea wood for the chair and table tops, and durable Eucalyptus for the chair and table legs. This combination of premium materials offers long-lasting strength and sustainability. Greenguard Gold certified, it supports healthier indoor environments.
